

Certificate

Report no. / Validity remark:

Confirmation of Product Characteristics

In accordance with the certification scheme TNS-KKL of the Test Laboratory for Ventilation, Air Conditioning and Refrigeration of TÜV NORD Systems, this certificate applies to

placed on the market under the name or trade mark

by

This certificate confirms that the requirements placed on the product are met. The following performance data was verified as part of the type approval test:

Technical details and application limits of the certification are specified in the scope of the certificate. This certificate remains valid as long as neither the provisions in the underlying technical specifications, the product nor the manufacturer's manufacturing conditions change significantly, but for a maximum of 3 years, unless the certificate is suspended or withdrawn by the product certification body. Annual surveillance in accordance with the certification scheme is a prerequisite.
